Dear, Joy, Roger, Mrs Bailey and Miss Newman

Thank you for taking me on the Penzance trip I really enjoyed it. My favourite bit of the trip was the theme park, that was a wonderful days day out and my favourite ride there was the Thunderbolt it was crazy, the way the ride spun you at the start and by the middle you were upside and spinning around at the same time, then by the end you came back to the start where you just spun around.

Once again thank you for a fun packed educational trip

Yours Sincerely
